

# Jesus G. Jara

FULL STACK WEB DEVELOPER

## Summary

Proficient, detail-oriented full stack web developer who provides the most optimal and efficient solutions for any challenge. With a proven track record of creating and implementing successful front and back-end web applications. These skills combined with my immense curiosity and willingness to learn, allow me to contribute and be of great value to any team I work with.

## Employment History

### Software Engineer, 100Devs, Los Angeles, CA - Remote

JANUARY 2022

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management.

#### Recent projects:

**Notes-io** (Fullstack Web App) – Users can login to their profile and find their list of notes. They can add new notes through an input, which they can then edit or delete all notes in their profile.

**StoryBook** (Fullstack Web App) – MVC structured application that implements Google OAuth for users to login, post, edits their stories, and share with other users on a public board. Users also can make their stories private.

### Freelance Web Developer, Caracas

JANUARY 2021

Created web applications and static websites for different clients across small and medium size businesses. Also, consulted on SEO and social media strategy.

#### Some clients included:

- Ideco PyD, C. A – Created a responsive website for the company with back-end integration for managing client databases.
- AutoStar Rental – Web application that allows the client to rent a vehicle. The project was developed using the MERN stack with MongoDB to handle users' data.

### Project Manager at Ideco Proyectos y Diseños C.A, Caracas

FEBRUARY 2016 - AUGUST 2021

- Had a great performance in the planning and subsequent execution of several construction projects.
- Effectively determined and defined project scope and objectives.
- Managed teams to create and implement plans to fulfill customer requirements and budgets.
- Developed key project goals and worked collaboratively with teams to meet those goals.
- Collaborated with cross-functional teams to achieve project goals in a timely and effective manner.

## Education

### International Studies, U.C.V, Caracas

SEPTEMBER 2014 - JULY 2018
